

Dear NJAE Members & Colleagues:

NJAE hopes you are enjoying your summer and invites you to pay your dues online at www.njendo.org. This year's dues cycle runs from October 1, 2018 to September 30, 2019. Paying your dues now enables you to enjoy **several benefits**. Amongst those benefits are no tuition for our Fall Conference which will be held on Sunday October 28, 2018 at Morristown Hospital. Please note, that for the first time ever, the half day course will be held on a Sunday. NJAE is reaching out to accommodate those individuals who cannot attend due to religious or work-related issues. The topic for the course will be "Management of Post-Therapeutic Dental Pain and Appropriate Prescribing Practices for Opioids and Non-Opioids in Dentistry." It will be presented by Dr. Thomas Viola , BS Pharm.,RPh, C.C.P. Dr. Viola is a dynamic speaker and we encourage you all to attend. Also, please encourage your referring dentists to come as well; they can attend for half the cost, meaning \$75, rather than \$150, if you register them. Registration for this course is now also open and you and your guests can register after you have paid your dues. Please also note that this course will satisfy the New Jersey's new mandatory requirement for prescribers of opioids. So ,if you did not know already, you have to take a course like ours, or similar one, every couple of years, just as for HIPPA and OSHA. We have a really dynamic speaker who will make that morning's topic enjoyable for all.

Dentsply Tulsa will help by sponsoring the event, so please be aware that we will have one table there with many of their products, in case you are interested in buying something or learning more about their varied product lines.. As always, we thank them for their assistance in sponsoring our event.

Thank you all for your continued support of our great organization. We look forward to seeing you this October.

Sincerely,

Joseph Chikvashvili, DMD
President, New Jersey Association of Endodontists
