NJAE designates this activity for 2 hours of ADA CERP CE credit

This conference is an electronically mediated (Zoom meeting) CE event

**Link to Registration on our website**

For any questions about this conference please contact us at [njaeendo@gmail.com](mailto:njaeendo@gmail.com)

Jin Hahn, DMD President of NJAE; Marc Balson, DDS, FIAE Executive Director NJAE

## Guided Endodontic Microsurgery: When is it really indicated?

### Outline

It is well known that the modern endodontic micro-surgery has a high rate of success, and that it has become a great tool to save natural teeth. However, some clinical situations are really challenging to some clinicians. Guided surgery has been used in the field of endodontic surgery over the last years making procedures with complex approaches easier.

This lecture will help us analyze those special cases in which guided surgery is recommended, as well as the differences between static and dynamic navigation in guided endodontic microsurgery.

### Teaching Goals

- Identify the main indications of guided endodontic microsurgery
- Understand the way different techniques to perform endodontic microsurgery can impact the results of the procedure
- Understand the difference between static and dynamic endodontic microsurgery
- Recognize advantages and disadvantages of guided endodontic microsurgery

### Dr. Paula Villa's CV:

- DDS and Endodontist; graduated from Universidad CES Medellin, Columbia
- Cofounder of the graduate endodontic program in Universidad de Antioquia in Medellin, Columbia where she is a Titular Professor
- Former President of the Colombian Association of Endodontists
- Member of the Colombian Association of Endodontists
- International Member of the American Association of Endodontists
- Dr. Villa has authored scientific articles in peer-reviewed journals and maintains a private practice limited to Endodontics and Endodontic Microsurgery in Medellin, Columbia
- Dr. Villa lectures nationally and internationally on endodontics

The New Jersey Association of Endodontists is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to ADA CERP at [www.ada.org/goto/cerp](http://www.ada.org/goto/cerp)
